Kids Calm As School Evacuated

A perfectly smooth operation that lasted only 18 minutes.

This was the verdict on Snell PTA's civil defense mass evacuation Tuesday afternoon at Garden Village School—the first such dry-run drill in the history of the county.

On hand for the test was a bevy of city and county civic and school officials, who confirmed that the drill was well organized and well executed.

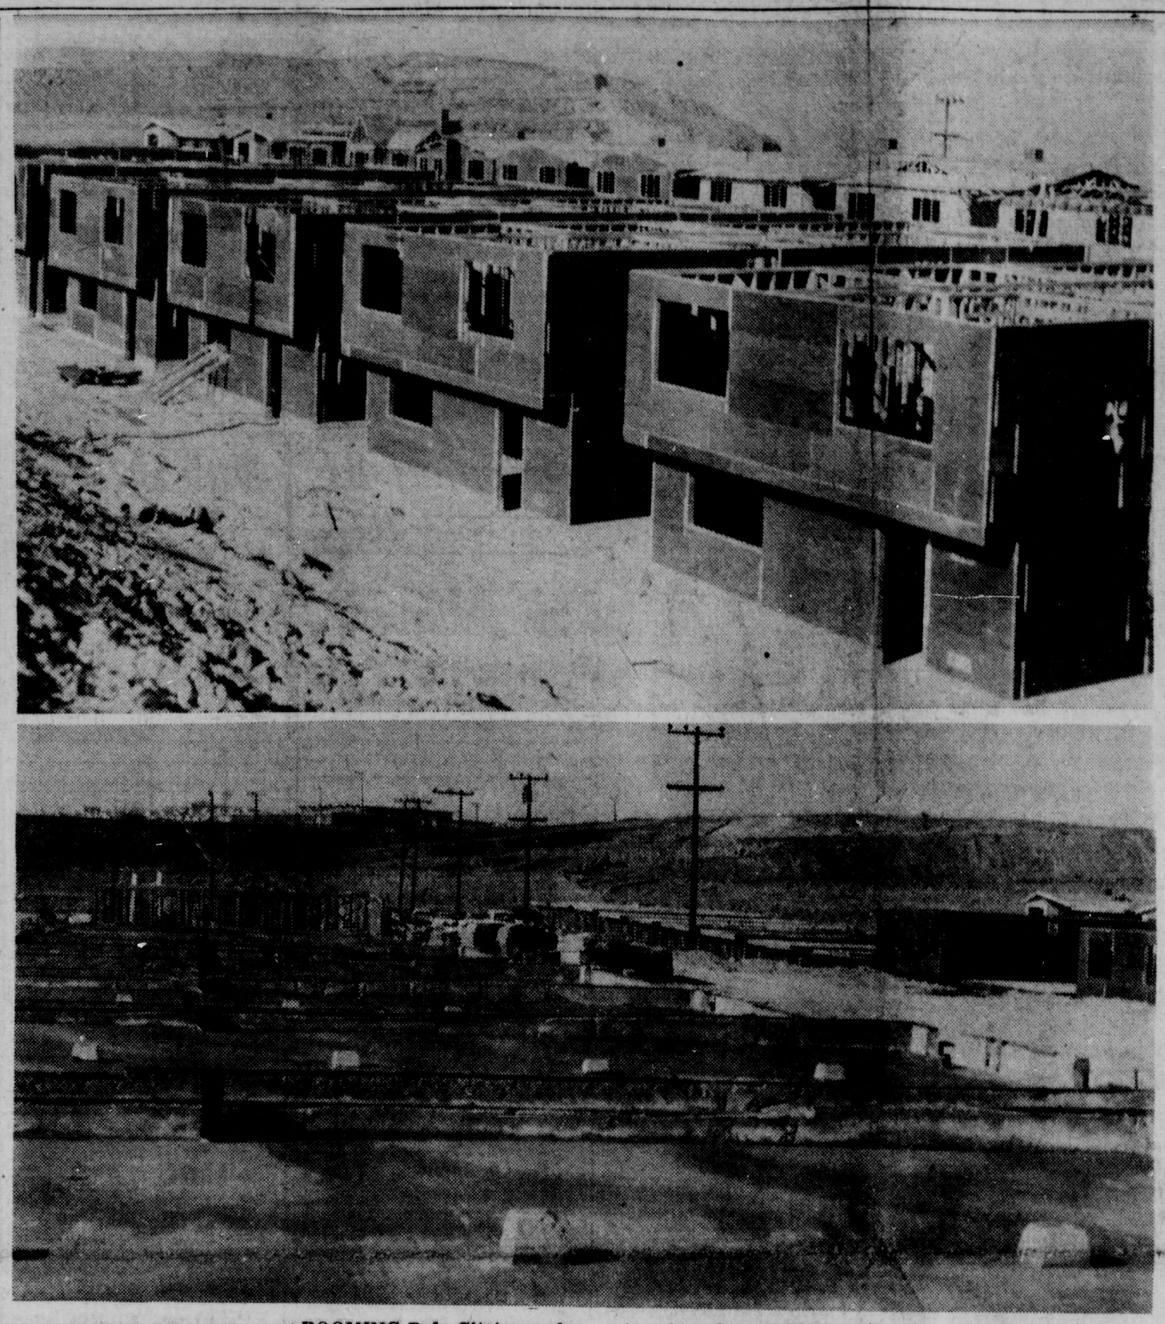

Snell's civic defense chairman, Mrs. H. C. Warner, and PTA President Mrs. Kenneth Gillespie said the evacuation started at 1:20 p.m., five minutes after the school's 500 students first heard the yellow alert signal and went through a duck-and-cover exercise in their classrooms. The pupils then were led by their teachers outside into the school yard, where roll call was taken.

Meanwhile, some 60 cars, driven by mothers, and the school's bus, formed a line in front of the school and "theoretically" picked up their youngsters. This car carvan then headed for Woodside (the evacuation destination, although for Tuesday's drill the motorcade stopped in Westlake on Skyline. At 1:38 p.m. the evacuation was completed.

The Garden Village students Tuesday actually didn't leave the school grounds. But the orderliness of the test proved that they would be ready and alert in the event the disaster signal was caused by a real emergency.

Robert Abbey, Garden Village principal, said his students conducted themselves "very well" and there were no signs of uneasiness or panic.

Also pleased with the efficiency of the test were: Broadmoor Police Chief Ray Savage and his men (they routed the traffic), Harry Koch, San Mateo County civil defense coordinator; School Supt. H. Z. Weibel, City Manager George Watts, Fire Chief Elmer Kennedy, Don Lesher, Hillside PTA president and member of the DC Civil Defense Council; Robert Evans, DC civil defense coordiantor, and a host of JESD principals and teachers.

Work On Signals At Knowles Avenue Begins Next Month

Traffic at Daly City's "top-of-the-hill" will become less hectic and hazardous with the installation of signals at Knowles avenue and Hillside boulevard on Mission street.

City Public Works Director Otis Calhoun today said bids on the signals will be opened by the State Division of Highways on January 7. The $24,000 project will begin two weeks thereafter and should take about 40 days to complete, Calhoun estimated.

Cost is pro-rated and will come from gas tax funds, Daly City's share being $13,350 and the state's $10,650.

Calhoun said signals would be installed at Knowles and Hillside, a new center "island" would be built from Knowles to the San Jose-Mission intersection, and that the present signals at Hillcrest and Wellington would be harmonized with the new signals.

The Knowles-Hillside crossing is one of the most dangerous in the county. The city sought state authorization of these signals many year ago.

THE MAYOR'S VOTE...BUT WHEN?

Sales tax was foisted on Daly City early this year by 3-2 council vote, the same tally that must prevail if the council ever gets around to letting residents vote on the unpopular levy.

This third "vote," needed for calling a special election as soon as possible, belongs to Mayor Michael DeBernardi, who was re-elected last May on the strength of many promises, one of which was to do something about sales tax.

Two votes are ready NOW for calling a special election on sales tax. Councilmen Edward Dennis and Bob St. Clair, also elected in May, haven't changed their anti-sales tax stand one bit. Nor have the two councilmen who participated in the vote enforcing sales tax before the last council election.

This 2-2 deadlock can be broken by DeBernardi's vote to call a special election instead of waiting until next spring.

The mayor last week repeated that he was for putting the sales tax issue before the people for their decision. But he also said it would be "utterly stupid" to spend money for a special election, stating again that the referendum vote should be placed on the school trustees election ballot next May.

DeBernardi, all by himself, must believe there's no hurry to let the people vote on sales tax. He says that since the city budget depends on sales tax revenues through next June, and even if sales tax were repealed before then, the levy would have to be enforced until the new fiscal year begins.

Dennis and St. Clair and the people who elected them (and DeBernardi) aren't willing to wait like the mayor.

And as far as the budget is concerned, many question why the mayor, who campaigned long and loudly for repealing sales tax, approved heavy expenditures that are being footed by sales tax funds.

DeBernardi's "hesitant" stand on sales tax has many people wondering, particularly those who backed him for making promises which he hasn't fulfilled.

NEW WESTLAKE TRACT OKAYED BY COUNCIL

The city council last week approved the final map of Westlake Unit 10-B, the second half of Henry Doelger's new home tract south of Westmoor High School.

Unit 10-B includes 607 lots. The first unit, well under construction, has 404 lots. Unit 10 includes 37 acres for three elementary schools and plans for a 7½-acre shopping center.

Carl Timmons, chief engineer for the Doelger firm, said work on Unit 10 involved grading out 5½ million yards of dirt.

The city also plans to establish a park facility and a new fire station in the new Doelger tract, a few blocks south of the high school. The council has an option from Doelger on four acres of this property and is negotiating with the high school district for additional acres to complete the two-fold project.

In other business last week, the council:

1. By 2-1 vote (Mayor DeBernardi still opposed to the zoning), approved amending the ordinance establishing zoning on Callan Company's 21-acre development west of Junipero Serra boulevard.

2. Okayed two-hour parking zones on the northeast corner of Hanover and Evergreen streets.

3. Approved request of Sea Scout Ship 248 for use of Westlake library site on Southgate avenue for Christmas tree sales. The unit must pay a $50 deposit, which will be refunded when the operation ceases. This is a first time city property has been leased to a non-profit organization.

4. Granted business license to John Swanson to do business at the new Westlake Bowl.

5. Okayed planning commission recommendations to grant use permits to: Wilshire Oil Distributors, to establish service station west of Junipero Serra boulevard and north of Lake Merced Golf & Country Club; Nelson Neon Sign Company, for two signs at 6212 Mission street, advertising Pacific Market Liquor store; Shell Oil Company, for eight-foot rotating plastic sign and six-foot stationary sign at 505 Skyline drive; William Lagomarsino Company, for four-unit apartment building at 73 Station avenue; Dr. Charles S. Bates,

Jail Woman On Vagrancy Charge Here

A 32-year-old San Francisco woman with a long record of vagrancy was arrested last week by Daly City police in a motel here and charged with soliciting to commit an act of prostitution.

Booked was Rhonda Mae Harrison, known by many aliases, who listed her address as 207 Faxon street.

Police Officer George Brooks played the lead role in the apprehension by contacting the suspect on a "tip" and arranging a date with her in a local bar. After the pair toured a few taverns, Miss Harrison made a proposition, Brooks said, and they headed for the motel—all the time under surveillance by Police Capt. Roy Beecher, Sgt. Bruno Conci and Officer Jerry Galindo.

The woman was released on $50 bond and is scheduled to appear in municipal court this week.

CITIZENS TO ASSIST BOARD ON PERSHING

Elementary school district trustees Monday night set the wheels in motion for selecting an architect to design a replacement for old General Pershing School on Hanover street.

The matter got hot after trustee Katherine Mullen asked the board to appoint Architect Delph Johnson to do the job. This move died for lack of a second.

Trustee Michael Callan then suggested that the board let a citizens' committee come up with names of architects to be considered by the board. Tom Noonan and Frank Verducci opposed this, both stating that choosing an architect was the obligation of the board. They asked for a ruling by the district attorney.

Anyway, the board majority finally agreed to Callan's suggestion and they appointed him to head the citizens' committee. A recommendation from this committee on architects to be interviewed is due in 10 days.

Mrs. Mullen was the lone member of the board who last month failed to approve Architect Angus McSweeney for the triple assignment of designing the Abe Lincoln, Thomas Edison and Daniel Webster schools. She felt Johnson or

UNANIMOUS DECISION

JESD Trustees OK Unification Study

After much discussion, elementary school trustees Monday night voted solidly (5-0) for continuance of the study on unification of Jefferson High School District with the four local elementary districts.

The board appointed chairman Joseph Lewkowitz to present this "yes" vote to the augmented committee studying unification, when the latter meets next week, Thursday night, at Jeff High to determine if the study will continue.

The augmented committee at its second meeting two weeks ago asked each of the school districts involved to vote individually on whether the study should be continued or dropped.

Jefferson High School District trustees last week by unanimous vote went on record against continuing the study. This board's vote and those of representatives of the four other school districts will decide the fate of the study at next week's meeting.

Still to be heard from on whether the study should be continued are the Laguna Salada, Brisbane and Bayshore elementary school boards.

Lewkowitz loudly opposed the unification study at the augmented committee meeting two weeks ago. In fact, he asked the committee to discontinue the study immediately. But this move, of course, was held out of order. The committee subsequently asked each school board to vote either for or against continuing the study. These votes will be submitted next week.

BOOMING Daly City's population well past the 36,000 mark will be the 3000 homes going up in Zita Corporation's St. Francis Heights subdivision, located west of Junipero Serra boulevard and bordering the eastern boundary of Westmoor High School. The subdivision will include a multi-million dollar shopping center fronting on Junipero Serra south of Old Edgemar road.

The culprit used a redwood bench as a ladder and climbed through the unlocked window of the rear bedroom. He ransacked both upstairs bedrooms and got away with about $40 in currency, a $135 shotgun, and a clock radio valued at $40. Twenty dollars of the missing cash was taken from a smashed piggy bank.

Mrs. Beggs said she and her husband left the home at 7:30

The new Westlake Car Wash at 2075 Junipero Serra boulevard lost about $40 to a burglar late Saturday night.

Owner David Fyne told police the culprit removed the cash from an unlocked office cabinet after he entered by prying open the front door.

ARREST THREE YOUTHS AFTER GANG FIGHT

A short-lived brawl in front of Westlake Bowl late Friday night resulted in the arrest of three Daly City youths—one of them the son of a veteran police inspector here.

Three DC policemen arrived on the scene about 11 p.m. and dispersed the two groups which had been reported milling about. The officers detained five of the youths, then arrested three of them.

Biggest fuss was caused by David A. Conci, 21, a police inspector's son of 53 Fairway drive. He cursed the officers and took a swing at one of them. He was cited for drunkenness, resisting arrest and assault.

Also arrested were James A. Shattuck, 18, of 80 Crestview, charged with being drunk and disturbing the peace, and John V. Simi Jr., 18, of 195 Skyline drive, booked for disturbing the peace. Simi was nabbed by Daly City police two week ago after his rot-rod went out of control and knocked down two Westmoor High girls in the school parking lot.

Two companions of the arrested trio were cited for violating curfew.

Police said all the youths involved had been drinking. One of the boys engaged in the hassle took off before the police arrived. He reportedly struck another youth in the eye with his fist "for no apparent reason," according to the latter's father.

FOR CITY'S NEEDY FAMILIES

'Operation Santa Claus' Due

Daly City, through its many civic-minded groups and individuals, is preparing for its biggest "Operation Santa Claus" to bring Christmas cheer to needy children and oldsters.

The annual project, which this year will provide food, toys and clothing for some 66 families (257 children) and about 10 elderly folks, is co-chairmanned by Peter Markovich and Fire Chief Elmer Kennedy.

Several organizations again have donated their time and dollars to the drive and the public can help by calling Kennedy at the fire house, PL 6-0496.

Next meeting of the "Operation Santa Claus" committee is set for Wednesday night, December 10, at the Lake Merced boulevard firehouse in Westlake. Persons or groups wishing to help the cause are asked to report there by 8 p.m.

Markovich said the needy families and individuals this year will receive groceries (turkeys), toys and clothing, if some of the latter is donated in large quatities.

The Marine unit in San Bruno again will share in the Daly City project, handling their annual "Toys For Tots" campaign with the usual enthusiasm.

Among the DS groups participating in "Operation Santa Claus" are: St. Vincent De Paul Society, DC Fire Department, DC Chamber of Commerce, DC Veteran Firemen's Association, DC Munipical Employees Union, DC Rotary Club, DC-Colma Lions and Auxiliary, Temple Judea Men's Club, Westlake Catholic Men, St. Martin's Episcopal Church, Westlake Community Baptist Church, and Colvins of California.

CITIZENS TO ASSIST BOARD ON PERSHING

(Continued from Page 1)

the other architects interviewed had much more experience than McSweeney in designing schools.

McSweeney finally got the "package" contract by a 4-0 vote. Mrs. Mullen was absent from this meeting.

Trustees Monday night officially asked the state to abandon old Pershing and Jefferson Annex — a routine move that will expedite the district's plans for replacing both sites.

Old Pershing, which currently houses 435 kindergarten through third grade students in 10 classrooms, will eventually be torn down and replaced by a new building, five classrooms in size, for children in the same grades.

The new Pershing school, to be located on the Muessdorfer property near the San Francisco county line, is intended to be a nine class room operation for third through sixth graders.

Negotiations for this site (Muessdorfer) are just about wrapped up, though the district attorney has been called in to persuade the biggest property owner involved that the school district desperately needs the land.

Trustees are going ahead with this project without including a small strip of land over the county line which they originally sought as part of the new Pershing School. San Francisco city and county officials have continued to oppose this "encroachment" on their property.

In other site progress Monday, trustees officially inked the pact with McSweeney on the three schools and viewed his preliminary site utilization plans on these plants. They authorized hiring Soils Engineer Charles Lee to make site borings on the M. Pauline Brown site in St. Francis Heights, and firmed their agreement with McKeon Company for placing fill on this site at a very economical cost to the district.

The board also awarded the slope drainage work at Vista Mar School to Lowrie Paving Company, the low bidder at $5900. Highest of the five bids asked $22,500 for the project.

In other action, trustees Monday night:

1. Authorized the sale of $95,000 in bonds to bring the district up to its capacity.
2. Approved plans submitted by Architect Mario Ciampi for state approval on the Benjamin Franklin music room and the three classrooms additions to Olympia School.
3. Tabled study on teachers' salary schedule provisions in order to get more of an idea on the financial adjustments that would be involved for the five individuals involved.
4. Authorized outlay of $9770 as the district's share of improvements on Market street.
5. Accepted resignation of Mrs. Marilyn Smith, Olympia teacher (now on leave). She is moving to Salinas.
6. Referred maternity leave requests filed by four teachers to the district's maternity leave committee.
7. Authorized $650 for continuance of the Stanford Continuity Survey,
8. Accepted notice of completion on yard work at Vista Grande School.

give ZzZz for Christmas

P·G and E·
Pacific Gas and Electric Company

Put an electric blanket on your gift list ★★★★★★★

A good night's rest makes a wonderful Christmas present . . . and it's yours to give with an electric blanket. Tossers and turners (and everybody else) sleep better under electric blankets. Here's why.

Just dial the sleeping comfort that suits you best. Then turn over and z-zzZ-Z-z. Luxurious warmth spreads evenly over the entire bed. No matter how cold the bedroom gets, your blanket automatically adjusts itself to keep the temperature you set. And you sleep better under *one* light blanket!

P. S. Because electricity is cheap in California, an electric blanket costs just a penny a night to operate. *So Gwe Better . . . Electrically!*

EVERYONE CAN HELP

Community Christmas Bureau Opens To Aid County's Less Fortunates

"It was the best of times—
was the worst of times . . ."
lthough this was written
bout 1775, and for another
ountry, it is as modern as
hristmas 1958, and as close
San Mateo County, for it
ill always be the "best of
mes" for some, and the
orst of times" for others.

The Community Christmas
ureau of San Mateo County
ficially opened Monday on
e lower floor of the Naval
aining Center, Baldwin and
n Mateo drive, San Mateo.
The Bureau has been in
eration for some weeks,
mpleting all the preliminary
rk—letters to the various
encies in the county—and to
e various clubs and organiza-
ns, meetings with the agen-
s for the coordination and
anning of the needs, and the
ny other details necessary
insure a smooth running
vice.

The Christmas Bureau fills a
eat need in San Mateo Coun-
in acting as a "clearing
use" for the agencies, groups
d individuals. In this way
e giving is really made per-
nal, and the families receive
ts for their individual needs.
e of the greatest services is
avoid the overlapping that
inevitable without the func-
ns of such an agency.
San Mateo County has been
st generous in the past, and
s year should be no excep-
n.

Again this year, the Marine
rps will conduct their "Toys
r Tots" drive. Capt. Doug-
V. Stowell is in charge of
ir operation. The Marine
rps does an outstanding job
planning and soliciting the
s, and in collecting them
d delivering them to the
reau headquarters. These
s are sorted and packed by
unteers so they can be dis-
uted by the social welfare
rkers to the families that
in need.

Among the other suggestions
de by the Bureau are food
lers, clothing (new only)
rchandise orders and
ney.

Why money? This is to en-
e the Bureau to "go the sec-
d mile" and provide an in-
pendence and dignity that
ans so much when adversity
come to a family. For ex-
ple, last year, checks, though small, were sent to needy families on the rolls of the Welfare Department (in addition to other gifts). The letters of thanks that were received testified to the value of the plan.

Then, "Dollars for Teen-agers"—only two crisp new one dollar bills in a Cristmas card—but it made a difference! Also for those in the twilight years—real "spending" money brought back memories of other times.

There is an opportunity for EVERYONE to give. If you are a busy person, you can send a check. If you have time hanging heavily upon your hands, you can offer your services and help put these plans into operation, If you belong to a club or organization, you can spearhead the plan to provide for a family. If you are a teen-ager, you can cut down on treats for a week and give some of the "Teen Dollars." If you are a pre-teen, you can ask mamma and daddy to send **one** of your presents to the Christmas Bureau for a little boy or girl who will not have the kind of Christmas that you will have.

The Community Christmas Bureau is composed entirely of volunteers. It is set up by the Volunteer Bureau for this one particular job. Mrs. Ernest Pohlhammer and Mrs. Arthur Wall, who have had many years of experience, will be co-chairmen. The Bureau covers the entire San Mateo County from Redwood City to Daly City and encompasses the Pacifica area.

Not only does the Bureau provide for families in need, but there are many other services rendered: sports equipment and games for Juvenile Hall and other youth agencies, milk orders for special cases, furnishings for the San Mateo County T. B. Sanatorium and Chrystal Springs Home, and craft materials for the Children's Health Home.

Telephone at the Christmas Bureau Headquarters in the Naval Training Center is DI 2-6349.

Checks or money orders should be sent to P. O. Box 1387, San Mateo. Make checks payable to Community Christmas Bureau.

Teachers Have Art Workshops On Xmas Gifts

Over half of Jefferson Elementary District teachers will attend one of four voluntary in-service art workshops under the direction of Mrs. Helen Cordell, coordinator of art for the district.

Originally two workshops were planned to be held at the Colma School, but the response from teachers was such that it was necessary to plan two more. The first session was November 24 and the other sessions on December 1, 2, and 3. There are approximately 40 teachers in each of the four groups.

Teachers are always looking for new ideas and new ways of doing things. The purpose of the workshops is to show that it is possible to make inexpensive and unique Christmas presents out of scraps.

Each teacher was asked to bring such things as rocks, wood, wire, milk cartons, tin cans, egg cartons, foil papers, etc. Out of these scrap materials teachers will learn medias and techniques which they can utilize in classroom lessons and projects.

TO AID THE NEEDY

Daly City Area Girl Scouts Will Attend 'Festival Of Gifts'

Uniformed Girl Scout of this district will attend a "Festival of Gifts" to be held at the South San Francisco High School auditorium, on Saturday, December 20, from 1:30 to 3:30 p.m.

The gifts that are collected are sent to needy children in forign countries.

This year each District will being a different type of gift. They are as follows: Coastside, mittens; Daly City-Colma, stretch socks (with size label on it); Millbrae, school supplies (tablets, ball-point pens, etc.) San Bruno, soap and wash cloth; South San Francisco, packages of vegetables seeds.

Gifts may be wrapped in either Christmas or gift wrapping paper. They should be labeled on the outside as to their contents.

Senior Souts will act as ushers at the "Festival." Each District group will be identified by a "Mitten Banner." (The event was formerly called "Mitten Tree Sing" as only mittens were donated before.)

There will be a giant size, gaily decorated Christmas tree, plus five smaller undercorated trees representing each of the five districts. Eash girl will cary her own gift and as her district name is called, she may hang her gift on the designated tree. There will also be songs and skits on the program.

School Trustee Qualifications Will Be Aired

What should the public look for in picking candidates for local school boards?

This question will be answered next Wednesday, December 10, by Ben Mansell, field representative for the California Teachers Association, when he addresses a meeting called by the Serve-Our-Schools Committee.

The session, open to the public, will be held in the teachers' room at Westlake School, starting at 8 p.m.

The S-O-S group is composed of parents of children who attend Jefferson Elementary District schools. Mrs. Doris Wimberly, Westlake housewife and former trustee on the local school board, is temporary chairman of the committee.

Three Jefferson High Teachers To Air Views Saturday On Radio

Three teachers from the faculty of Jefferson High School of Daly City will be represented on a panel discussion to be broadcast by the FM station, KPFA, this Saturday, December 6, at 1:30 p.m. (94.1 megacyles).

The panel, consisting of Miss Julianne Jansen, Kenneth Brown, and Donald Behm, will discuss the subject, "The Creative Approach to the Teaching of Academic Subjects".

The program is part of a current series being presented by the Critics Circle broadcast of KPFA. Hal Bronstein, producer and moderator of the program, introduces subjects of social and cultural importance including as panel members individuals well-known to the Bay Area public or professionally active in these fields.

The purpose of this panel is to present and circulate new ideas of teaching to the public. The program stresses the vitally important need of teachers to deal with the controversial subjects they teach and to present some of the means with which such subjects may be approached. The subjects to be covered on the December 6 program will be social studies, literature and sience.

Brown, an English teacher at Jefferson, has previously appeared on the program in an informal discussion of literature in the high school. His reading and comments on poems written by students at Jefferson has recieved very favorable notice.

Future programs are scheduled to include the fine arts and other studies in the high school curriculm.

AMATEUR boxing at its unbeatable best will be featured here again next week, Thursday evening, December 11, when OLPH Men's Club presents another eight-bout program at Daly City War Memorial building. First scrap starts at 8 p.m. and the tickets are going fast.

Westlakers To Show Xmas Spirit In Annual Decorations Contest

Westlake Improvement Association today set the stage for its annual Christmas Decorations Contest, with judging set for Friday evening, December 19, from 7 to 9 o'clock.

Virgil P. Anderson is general chairman for the contest and, as usual, the competition should be keen. Honorary chairman is builder Henry Doelger, who again is donating five big prizes.

Prizes will go to the best outside decorations in the nine Westlake units and a grand award for the best outdoor display. The most colorful window decorations in each of the units also will bring recognition to the individual homeowners.

The contest's grand prize winner will be given the association's perpetual trophy (for one year) and a replica of this trophy (to keep).

A special award will be set aside for the most artistic multiple home decorations — from two to seven adjacent homes.

Climax of the contest will be a dinner at Westlake Joe's for all prize winners.

The judges will be Superior Judge Frank Blum, Muni Judge Tom Bocci Jr., Postmaster Vincent Murphy, Mayor Michael DeBernardi, City Manager George Watts, and Fred Bertetta. Bertetta won first prize in last year's contest and is not eligible for one of the home awards this time.

SATURDAY EVENING

Westmoor PTA Presents Annual Holiday Dinner, Cage Contests

Westmoor High School PTA's big "Holiday Dinner" this Saturday evening will have all the trimmings, including two top basketball games pitting the faculty against the Rams' lightweight and varsity cagers.

The dinner, which may attract as many as 600 folks, starts at 6:30 p.m. Admission to the two basketball games is by the dinner tickets. The first cage contest starts at 6:45 p.m., the second 45 minutes later.

Main interest will focus on the varsity-faculty basketball scramble. Principal Glenn South the man who once played behind Frankie Albert at Stanford, will coach the teachers.

The Westmoor varsity has yet to beat their elders in the annual classic. Leading the profs again will be ex-USC star Byron Van Alystne, Will "The Stilt" Stensland, "Hot Rod" Matisi, and Rodney Losberger. Losberger was an All-Army selection when he played basketball for Uncle Sam.

Persons who do not attend the dinner this Saturday may purchase game tickets for 50 cents or 35 cents with student body cards. Students will sell refreshments at the game to raise funds for their California Scholarship Federation chapter.

For further details on the holiday dinner event, call Jim Cooper, FL 5-2503, or EX 2-4511, Ext. 55.

W'moor Student Awarded Grant For Research

Karyn Williams of Daly Citys Westmoor High School, will receive a financial grant from the San Mateo County Heart Association for a research project, Arthur R. Sugars, Belmont, chairman of the association's board of directors announced today.

The award will be made this Thursday evening at a special dinner of the association, to be held at the Villa Chartier, San Mateo.

Miss Williams' project will cover the relation of hemoglobin production to diet. Robert O. Delzell is the educator member from the high school on the association's award committee.

According to Dr. Marvin L. Auerback, San Mateo, chairman of the student research grant program, "These grants help develop research skills and broaden interests in careers as research scientists. Although our local program was not originally conceived as another weapon in America's competition against Russian scientists, it certainly contributes to America's necessity for more and more pure research.

Other students in the county to receive Heart Association awards along with Miss Williams are from Menlo-Atherton, Pescadero, South San Francisco, Sequoia and Hillsdale high schools.

TV and Radio

By Mona Baker

Last week KQED previewed a new series of programs dealing with the constitution, "Decision", whish premieres this Friday at 8 p.m. For the first time a program is being shown simultaneously throughout the nation on all the educational outlets at the same time and date. A special screening for members of the Supreme Court and government officials will be held in Washington D.C. on December 3. With narration by Bob Trout supplemented by rare film sequences the program really makes history come alive, and is a most entertaining documentary.

KQED continues to present television programs that are outstanding. For one of the latest additions to the schedule, the Russian lanuage course, the station has already received over 500 requests for the study guide. Debuting this week too, the highly praised television course on physics, "Continental Classroom", began on Monday and will be shown Monday through Friday at 5:30pm.

With very few morning programs slated to pre-school youngsters, KTVU's "Fun to Draw" (Monday-Friday noon Saturday -3:30pm) is indeed welcome. Stimulating the youngsters to use their imagination as well as draw, the program is good television because it makes "doers out of viewers".

If you haven't seen color television, now is your chance to see a demonstration as well as hear an explanation of the wonders of colored television. Simply attend the popular audience participation radio show, "Listen, Ladies" with genial host Budd Heyde any Wednesday at KNBC's studios (doors open at 10:30am). During this month as a special holiday attraction, the audience is invited to stay for refreshments and watch the color demonstration following the radio broadcast.

CITIZENS MAY CONVERT TWO SAVINGS BONDS

The thousands of Californians who own Series F and G Savings Bonds may now convert them towards the purchase of Series E and H Bonds without regard to the annual limitation of $10,000, County Bond Chairman George McQueen announced here today.

"Beginning December 1, all holders of F and G Bonds may apply the proceeds of their bonds maturing on or after December 1, 1958, as well as proceeds of any unredeemed F and G Bonds which matured before that date, toward the purchase of Series E and H Savings Bonds without regard to the annual limitation of $10,000 for each series," the chairman said.

"Among those who are expected to take advantage of this new provision besides individuals are trust estates, pensions and retirement trusts, guardianships and similar estates, partnerships, corporations and associations, such as labor unions, fraternal, civic, service, patriotic, religious and veterans' organizations.

"This broardened privilege is being extended in response to requests from many investment groups which had not been able to purchase Savings Bonds since Series J and K Bonds—which replaced F's and G's in 1952—were withdrawn from sale in 1957," the county chairman explained.

Minstrel Show 'Big Success'

From all reports, Our Lady of Mercy's first annual Grand Old Mintrel Show was a "big success," Westlake Festival Chairman Frank Clifford said today.

The three-day run ended Sunday, November 23, with the consensus of opinion that the show equaled any professional entertainment . . . "anywhere."

Highlights of the show were a 35-man chorus, six "end" men, a quartette, and some "terrific" specialty acts.

"Since nearly 100 members of the Westlake Catholic Men's Club devoted countless hours and a whole week-end to this performance, none can be singled out—but rather to each and everyone" Clifford said.

Westmoornes Tour E-Bay Auto Plant

Advanced and beginning auto shop students of Westmoor High School visited the Fisher Body and Chevrolet plant in Oakland recently. Accompanying the students on this field trip were George Chrestionson, auto shop instructor, and Clayton Kollmann, dean of boys.

Students followed the assembling of Chevrolets from the floor plan to the finished auto. Although most of the parts were made elsewhere and transported to Oakland, the assembly plant illustrated how automobile manufactures use assembly line production to speed up the completion of the product.

Purpose of the field trip was to familiarize students with assembling of cars and the various parts of the car. Guides offered additional information regarding production figures, types of motors, and the matching of various items which were assembled there. Students had the opportunity to ask guides questions during the tour.

Auto shop students who visited the plant were: Terry Agens, Bill Corley, Doug Dowson, Harry Devack, James Fowler, Dave Garrup, John Gigourtakis, Fred Nichols, Mike Olmo, Jack Alden, Phil Anderson, John Blake, Larry Elmore, Raymond Flanagan, William Jabs, Robert Jabs, William Lemon, William McCann, Wayne McBride, Gary Andres, William Bennett, Bob Boe, Clifford Chase, James Dondono, Keith Evans, Phil Fair, Jerry Getchell, Tom Goodell, Brad Turcott, James Young, Robert Piccinni, Roy Roberts, Ed Robinson, Bob Spedicacci, Tony Sensi, Terry Tracey, David James, Bernard McCabe, Paul Hanley, Greg Korinthias, William Keckler, Ed Madsen, Dennis Milani, Ronadd Miller, Larry Ryley, Tony Sunseri, Jay Wallace, Russel West, John Buckly, Roger High and Mark Smith.

'Let right be done!'

WE are the more than 300 employees of the Macy's-owned Lasalle department store in Toledo, Ohio. We now face a second holiday season, a second year on the picket line in defense of our unions and our right to bargain collectively.

In the beginning, more than a year ago, we asked modest improvement in wages, welfare and working conditions. Our employer — a division of the giant R. H. Macy chain — replied with a frontal attack on our very right just to sit at the bargaining table — despite a history of 21 years of fair and usually friendly collective bargaining relations.

Ever since, down the long months, Macy's has evaded any obligation to bargain with our unions by a shameful legal device — a device which was labeled by President Eisenhower as "licensing union-busting", a device which has been unsparingly condemned by fair-minded management as well as labor, a device which on its face is plainly a union-smashing tool.

To this "union-busting" purpose, the R. H. Macy Co. can bring to bear the giant financial resources of one of the nation's largest retail chains — the resources of stores owned by it in cities clear across the land from New York to the Bay Area. The Macy's that operates a huge department store in or near your own community is the same employer who is trying to destroy our union in Toledo.

By its legal tactics, Macy's has made clear its union-busting intentions. Through its vast financial resources, it maintains an almost endless pressure to accomplish that purpose.

Our major resource in our fight to save our unions and regain our bargaining rights has been in the help of many thousands of fair-minded shoppers wherever Macy's does business.

Will you help us to win simple justice? You can — by refusing to shop at Macy's until right has been done

Four Daly City Prep Gridders Win All-Peninsula League Honors

Two From Jeff, Westmoor

GARCIA, DEAN, GIOMI, ROLLER

Daly City's two high schools each landed two seniors on the 1958 All-Peninsula League football squad, chosen Monday night by vote of seven members of the Peninsula Sportswriters Association.

Two first-string elevens were picked by the reporters—one for offense and the other for defense. There was no honorable mention team.

Two of Coach Joe McGrath's Jefferson Indians made the offensive first team, all-around Pete Garcia, named to an end post, and guard John Dean. Garcia was All-Peninsula last year at end—the only junior chosen on the '57 squad.

Westmoor High was honored Monday with the selection of guard Paul Giomi, listed on the defensive line, and all-purpose Bob Roller, normally a backfielder but selected among the linebackers.

The scribes named Frank Collin of Hillsdale "Coach of The Year," citing the comeback by his squad after it lost its first three practice games. Hillsdale finished with a 6-0 league record.

Burlingame, runnerup to Hillsdale, dominated the selections. Tackle Steve Olds, a 190-pound senior, was named "Player of The Year." The scribes listed him at offensive tackle and as one of four linebackers.

There were three unanimous selections. Accorded this backing were Olds, Burlingame center George Layton and Hillsdale halfback Ron Peters.

Considered in the first-team balloting but not mustering enough votes were Jeff lineman Ed Crowley and Dick Fowler, San Mateo end. Crowley is only a sophomore.

The sportswriters also agreed to present their votes through member Jim Price for a first-ever All San Mateo County team. This squad, to be picked by votes of Peninsula League and South Peninsula League reporters, will include the best players on all San Mateo county prep teams. Teams eligible for consideration thus will include Serra, Carlmont, Sequoia, and Half Moon Bay as well as the seven Peninsula League schools.

Sportwriters making the 1958 Peninsula League selections Monday were: Bill Warden (Burlingame); Warren Wyncoop (San Bruno), Gene Phillips (Millbrae), John Kane and Bob Mattson (San Mateo), Roy Hurlbert (Daly City) and Price (South San Francisco).

SENIOR Pete Garcia, one of the finest players to play football for Jefferson High, this week was named to the All-Peninsula League team the second year in a row. The sportswriters listed Pete as an offensive end, though most of his heavy duty this year came at halfback. Jeff guard John Dean and Westmoor's Paul Giomi and Bob Roller also were named to the All-Peninsula first teams, giving Daly City four players on the top list. THE RECORD photo

STURDY and strong in each contest, Jeff High's John Dean was a near unanimous pick at guard on the All-Peninsula League football team, selected Monday by the Peninsula Sportswriters Association.

BOB ROLLER, Westmoor's smashing ball carrier, earned All-Peninsula honors as a linebacker. Bob was one of the best runners in the seven-team league.

HOWREN LEADS TRIBE

Indian Cagers Shy Of Vets, But Eager

Jefferson High's varsity and lightweight basketball teams open the new campaign this week with a pair of practice games and with many positions "wide open."

The Indians met Tamalpais on Tuesday and face Poly at Kezar this Thursday.

Coach Mike Orlich has only one returning first stringer, 6-3 Ernie Howren. The rest of the Indian squad is stocked with reserves from last year and products of Coach Steve Mezzera's 130-pound team.

Orlich, minus his '57 Big three of Gary Ryan, Dennis Marc and Barrie Haanen, can't be as optimistic this time. But if he gets good efforts from several players, the Indians could be among the contenders.

Orlich has brought Jeff's varsity home second the past three years in Peninsula League play. Jeff's lone championship came in 1953. The next year, the Indians tied Capuchino for first, then lost the title in a playoff.

Jeff's first five thus far finds footballer Pete Garcia at center, Roy Reitz and Allan Lee at forwards, and Howren and Jack Horn at guards. Gunning for starting duty will be center Bill King and guards Ron Kalinnin, Jerry Kennedy, George Ojakian, Art Banos and Jerry Hauck.

Garcia, Reitz, Kennedy and John Featherstone saw reserve action last season. Lee, Kalinin, Ojakian and Banos were standouts for the 30's a year ago.

Other varsity hopefuls are Gary Bonini, Jack Lewkowitz and John Crowhurst.

Mezerra's 30's are geared around the second place Jeff 20's squad of last season.

Next week, the Indians play Mission of SF here on Wednesday' then enter the Peninsula League tourney at Capuchino, December 11-13.

Orlich's varsity will be out to defend its title in the Palo Alto Invitational tourney, December 18-20, against Bellarmine of San Jose, Cubberley of Palo Alto, Washington of SF, Hillsdale, Marysville, Menlo-Atherton and Palo Alto.

League play opens for the Jeff cagers here January 9 against Burlingame.

Bill Reynolds led the 30's past San Rafael with 9 points. Against L-W, Terry Chrisman set the pace with 16 points.

The locals have a return game with San Rafael's five next Tuesday, followed by play in the Peninsula League invitational at Capuchino, next Thursday through Saturday.

Giammona expects his varsity to climb in PL standings this season. His starting five is Reese and Holmgren at forwards, Bill Mannion at center and Dougherty and Dave Simons at guards. Forward Gary Twitty is sidelined with a football injury.
